- Contact EMS sporting for Kayak demonstration
- A person speaking on water safety
- Contact Bass-Foxboro on fly fishing and boating
- Contact the Sierra Club

Jay said that he would send out the meeting minutes to the Committee.

Gary requested Jay to send him the next Long-range meeting agenda and he would see that it gets posted.

Jay went on to say that we need a Press Release and to set-up an interview on Sharon Cable to educate the Town and out-skirt communities of the progress and activities with the Horizon property.

Jay said that Forum meetings are not held during the summer months and therefore we would need to schedule one either in the fall of 2008 or more realistic in the spring of 2009.

10: 9:30 **Horizon Property Management**

There are concerns by the Committee as to who will be the facilitator of the Horizon property and leases going forward. Gary Bluestein requested each member of the Committee take a stab on writing a job description for the position.

Gary Bluestein said that the DPW and the Health Department had managed the Camp last summer. FY09 heating of the buildings on the Horizon property is included in the DPW budget.

Gary said that the Community Center has posted a part-time position for a person to handle the Center's activities calendar and perhaps the Horizon's calendar and lease maintenance could be part of this person's responsibility.
